# We are super proud of Ducklings for finishing their first few weeks of Reception 😊

We are super proud of Ducklings for finishing their week of Reception

# A huge well done to last year's Ducklings who came runners up in the Essex Rural Council Bee Good competition with their 'Bee Mindful Garden'

The outstanding work and commitment shown by the children is inspirational, the judges were so impressed to see the children's commitment by studying bees via reading books from the library and also speaking to a bee keeper! That must have been so much fun! It is great to see the children outside enjoying the sun whilst tending to their plants we do hope that they keep up the good work! - well done!

FROM THE...

In Computing Minnows created digital paintings inspired by Piet Mondrian. They learnt how to use the shape and line tools.

A yellow scroll with a dark yellow border and a dark yellow shadow. The scroll is unrolled, showing the names Holly, Poppy, and Betty written in bold black text. The scroll has a dark yellow shadow on the left side, suggesting it is being held or is part of a larger scroll.

Lo: To investigate wood, paper and cardboard.

We investigated these materials by feeling their surfaces, and trying to change their shapes by bending, squashing and tearing.

- Natural wood (sticks) felt Bumpy and sharp
- Debarked shaped wood felt Soft, hard and smooth
- Cardboard felt Bumpy and squishy
- Card felt smooth and Bendy
- Paper felt smooth and a bit thick

lovely presentation

Similarities I noticed were:

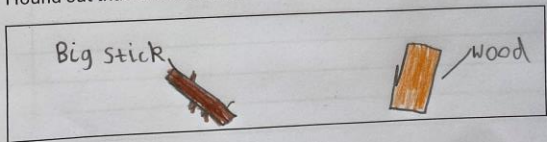

paper and card were both really flexible. The sticks ~~was~~ and the wood are made of the same material.

Great observations and scientific vocabulary!

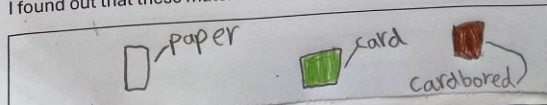

Differences I noticed were:

The sticks are sharp and the card is smooth.

I found out that these materials were rigid and cannot change shape easily:

Lo: To investigate wood, paper and cardboard.

We investigated these materials by feeling their surfaces, and trying to change their shapes by bending, squashing and tearing.

- Natural wood (sticks) felt a tiny bit too hard
- Debarked shaped wood felt hard
- Cardboard felt easy to break
- Card felt easy to drag
- Paper felt easy to drag

Similarities I noticed were:

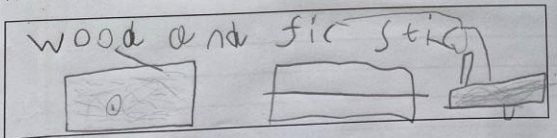

the big stick and the cardboard I choosid ves as they because they was was bows was long

Differences I noticed were:

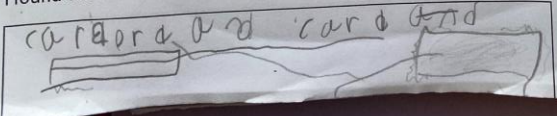

paper because I choosid paper less hard from them for the object

good scientific work Elliot!

# SCHOOL PRAYER

Dear God,  
Thank you for our school community,  
For our friends and family  
And those who help us to Nurture, Progress and Excel.  
Bless our school.  
Help us all to follow your ways,  
Be kind to others and to always do our best,  
So that we may have life in all its fullness.  
Amen

**HAVE A GREAT WEEKEND!**
